SPONSOR EVENTS

Jane Street Estimathon

Jane Street

Room SC C || 7:00-8:00 PM

The Estimathon® is a mind-bending mixture of math and trivia. In teams, you'll attempt 13 Fermi problems in 30 minutes, ranging from totally trivial to positively Putnamesque. Be prepared to come up with the best set of confidence intervals!

Susquehanna Brainteaser Battle

Susquehanna

Rooms SC 110, 112 || 7:00-8:00 PM

During this puzzle contest, you will work in teams of 4 through a unique blend of puzzles designed by our Quants to test quantitative reasoning and out-of-the-box thinking. More challenging than your typical sudoku, and more fun than your typical math problem set. Winning team will receive a Susquehanna poker set!

Five Rings Integration Bee

Karthik Vedula, Mark Saengrungkongka,
Joseph Wang, Jacopo Rizzo, Daeho Lee

Room SC E || 7:00-8:00, 8:10-9:10 PM

Display your calculus skills through a fast-paced contest in solving integrals! A qualifying round will be held first, from which four people will make it to the finals. The final four will battle it out 1-on-1 against each other for prizes and the title of grand integrator right before the Saturday awards ceremony!

HRT Puzzle Hunt

Hudson River Trading

Room SC D || 7:00-9:10 PM

Step into the HRT Puzzlehunt and investigate a world where the color orange has mysteriously vanished. From city streets to kitchens and gem shops, something feels off, and it's up to you to uncover hidden clues and restore what's missing. Put your observation and creativity to the test in a unique puzzlehunt experience, proudly hosted by HRT.

Jump Poker Night

Joey Liu, Ishan Nahian, David Son

Rooms SC 104, 105 || 7:00-8:00 PM

Poker is a strategy-based game that involves lots of critical social deduction and theory. Come learn and play poker with your friends to battle over chips. Can you outsmart your opponents with a clever bluff or make that daring call?

OpenAI Sudoku

OpenAI

Room SC A || 7:00-8:00 PM

Put your logic skills to the test in an exciting Sudoku competition. Tackle clever variants and tricky twists as you reason your way to the correct placement of each number. Think fast and stay sharp – winners will receive ChatGPT Pro!

STUDENT EVENTS

Math Bowl

Grace Zhou

Rooms SC 116, 120 || 8:10-9:10 PM

Want to flex your math trivia skills in a fast-paced team environment? Interested in reliving your MATHCOUNTS countdown glory days? Math Bowl is a 4v4, buzzer-based competition inspired by QuizBowl focusing entirely on math, from Bridges of Königsberg to where Fermat wrote his last theorem.

Physics is Phun

Zed Li, Alex Li, Zander Li, Jonathan Huang

Room SC 309 || 8:10-9:10 PM

Want to apply your math skills to modeling the physical world? Or perhaps you want to show off your insane physical intuition to your friends? Then join us at a team race where you solve physics problems ranging from simple mechanics to puzzles testing the limits of your creativity! Winners get prizes!

Powerpoint Karaoke

Amy He, Yina Wang

Room SC 228 || 8:10-9:10 PM

Want to test your creativity and quick thinking? PowerPoint Karaoke is an impromptu speaking game where you present a PowerPoint you have never seen before. No prep, no pressure, just fast thinking, humor, and maybe a little math knowledge. Come present, laugh at bold explanations, and compete for fun prizes.

Hot Sauce Roulette

Allen Wang, Carlos Rodriguez

Rooms SC 109, 111 || 8:10-9:10 PM

Are normal countdown problems too bland for your tastes? Come try this spine-tingling variant instead! Contestants taste a mystery hot sauce, either mild or super spicy. Those who receive the spicy flavor then battle against both their opponent and capsaicin in a fiery countdown round! May the fastest competitors win!

Karaoke

Albert Tang

Room SC B || 7:00-9:10 PM

Need a way to destress right before the contest? Come sing your heart out with friends and have fun with fellow competitors! Whether you drop by for a couple of songs or stay the whole time, there's no need to hold back during this exciting singalong.
