MIT

Friday, Nov. 6

SPONSOR EVENTS

Jane Street Estimathon

Jane Street — Room 4-270 || 7:00-8:00 PM

The Estimathon® is a mind-bending mixture of math and trivia. In teams, you'll attempt 13 Fermi problems in 30 minutes, ranging from totally trivial to positively Putnamesque. Be prepared to come up with the best set of confidence intervals!

Susquehanna Bid or Bluff

Susquehanna — Room 4-149 || 7:00-8:00 PM

Bid or Bluff is a fast-paced game of deduction and strategy. Think you can read the table better than your friends? Push the bid higher, challenge a suspicious claim, and test your luck, logic, and nerve. Come see if you have what it takes to win.
This game is played virtually, where students will play at tables with each other but will need their phones to participate.

Five Rings Integration Bee

Jacopo Rizzo — Room 4-231 || 7:00-8:00 PM, 8:10-9:10 PM

Display your calculus skills through a fast-paced contest in solving integrals! A qualifying round will be held first, from which four people will make it to the finals. The final four will battle it out 1-on-1 against each other for prizes and the title of grand integrator right before the Saturday awards ceremony!

Citadel | Citadel Securities Trading Challenge

Citadel | Citadel Securities — Room 4-163 || 7:00-8:00 PM

Interested in learning more about trading? Join our Trading Challenge! You will work in teams, so bring your friends and get ready to test your market-making skills against other students. The winning team will receive a special prize!

HRT Puzzle Hunt

Hudson River Trading — Room 4-237 || 7:00-8:00 PM

Ready to unleash your puzzle-solving skills and embark on a whisker-twitching adventure? Join HRT's Hamster Rescue Team 2 – a puzzle hunt where you and your fellow Hamster Rescuers will work together to save adorable hamsters in need, and earn cool prizes along the way!
Can your team puzzle its way to hamster-saving glory, or will you get stuck spinning your (hamster) wheels? Come find out at HRT – your furry friends are counting on you!

STUDENT EVENTS

Weighted Fish

Rohan Garg — Room 4-149 || 8:10-9:10 PM

Weighted Fish is a team card game that tests your memory and deduction, a twist on Fish with different sets of cards worth different points. Come play with your friends and compete for Taiyaki! Will you go for the easy points or sacrifice a few to reel in a bigger catch?

Physics is Phun

Zed Li, Alex Li, Zander Li, Jonathan Huang — Room 4-159 || 8:10-9:10 PM

Want to apply your math skills to modeling the physical world? Or perhaps you want to show off your insane physical intuition to your friends? Then join us at a team race where you solve physics problems ranging from simple mechanics to puzzles testing the limits of your creativity! Winners get prizes!

Powerpoint Karaoke

Medha Mehanta — Room 4-163 || 8:10-9:10 PM

Want to test your creativity and quick thinking in front of a crowd? PowerPoint Karaoke is an impromptu speaking game where you present a PowerPoint you have never seen before. Slides range from math theorems to quirky questions, and your job is to make it all sound intentional. No prep, no pressure, just fast thinking, humor, and maybe a little math knowledge. Come present, laugh at bold explanations, and compete for fun prizes.

Relay-Stimathon

Olivia Wu — Room 4-153 || 8:10-9:10 PM

Can't get enough of estimating? Wondering where HMMT's relay round is? Look no further than Relay-stimathon! Come test your intuition for absurd quantities in this activity inspired by ARML's Super Relay, and fabricate cool facts about penguins with your friends! Winning teams get donuts.

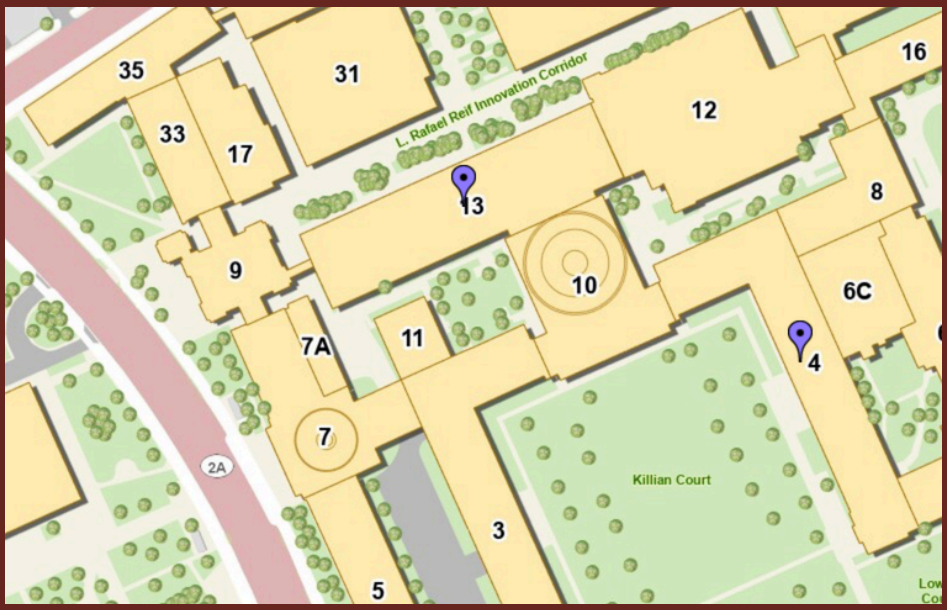

Karaoke

Benjamin Fu, Daniel Ge — Room 4-370 || 7:00-9:10 PM

Need a way to destress right before the contest? Come sing your heart out with friends and have fun with fellow competitors! Whether you drop by for a couple of songs or stay the whole time, there's no need to hold back during this exciting singalong.

Schedule

5:45-7:00 PM	Early Registration	Lobby 13
5:45-6:45 PM	Pizza	Lobby 13
7:00-8:00 PM	Sponsor Events	Building 4
